THE YELLOW STAR SOLAR SYSTEM

This Green Building Solution allows for a variety of light source options from Aurora, including LED strip lights, tiny recessed LED lighting and decklights incorporating the LED bulbs, all which can be used for...

- Decks
- Railing
- Barns
- Out Buildings
- Other Remote Structures

The "STAR" of the System is the multi-crystalline solar panel that is small enough to be easily mounted to any structure's exterior, or be mounted to a 2-1/2" steel post, with southern exposure.

The panel measures 24" x 30" and will provide reliable solar power for hours of continuous lighting. A timer allows for automated operation.

The Yellow Star Solar Panel System Comes Complete...

- Control Panel
- Mounting Hardware
- Battery Housing
- 12Ahr Sealed Cell Battery

SOLAR SYSTEM

ITEM#	DESCRIPTION	RETAIL \$
